

VISIT OUR COMMUNITY PARTNERS

Local businesses are joining the library this year to encourage you to read and have new experiences all summer long.

Our *Summer With Us* Community Partners will display a sign in their window or on their counter.

How does it work?

- Bring your journal into the store.
- Share your journal with the store's staff, and they will tell you something interesting about their business, which you can write about in your journal.
- The business will give you a sticker to add to your journal. They may even write a message in your journal.

- Show us your sticker at your next library visit, and tell us about who you visited to get a raffle ticket for the weekly prize.
- Visit 5 of our Community Partners and tell us about them and you'll be entered into a special raffle drawing.
- Patrons of all ages are welcome to participate.
